Mr. Silvio Crespo

We have now approached the end of our final year at Jefferson looking back, with fond memories, at the years behind us. Without realizing it, we have grown and matured in many ways.

There is one man who stands out in our minds when we think back to how successful our last four years have been, and that man is Mr. Silvio Crespo. He has helped and guided us through many rough times, and was always there when we needed him. He gave us time that he didn't have and patience which he has more than enough of. How can we ever thank this man for all he has done for us?

We, the class of 1972, wish to dedicate our yearbook to the man we love, respect and admire most of all, and that man is Mr. Silvio Crespo.

Faculty

Mr. William C. Storch, Principal

To the Graduating Class of 1972

It is with great pleasure that I extend to each and every member of this class on behalf of the Administration, Faculty, and Staff on your achievement of this milestone in your life's endeavors.

Each of you have in some manner over the years of your attendance, contributed to the creation of the history of our high school. Your combined efforts have helped to establish the high standard and sincere concern that are so much a part of this school. At the same time each of you has experienced many rewarding moments which will stand out in memory as time passes. The education you received will stand you in good stead, when used with intelligence, reason and common sense.

Go forward then, with the knowledge that all of us here at Jefferson Township High School will miss you when you leave and wish you all possible future success and happiness.

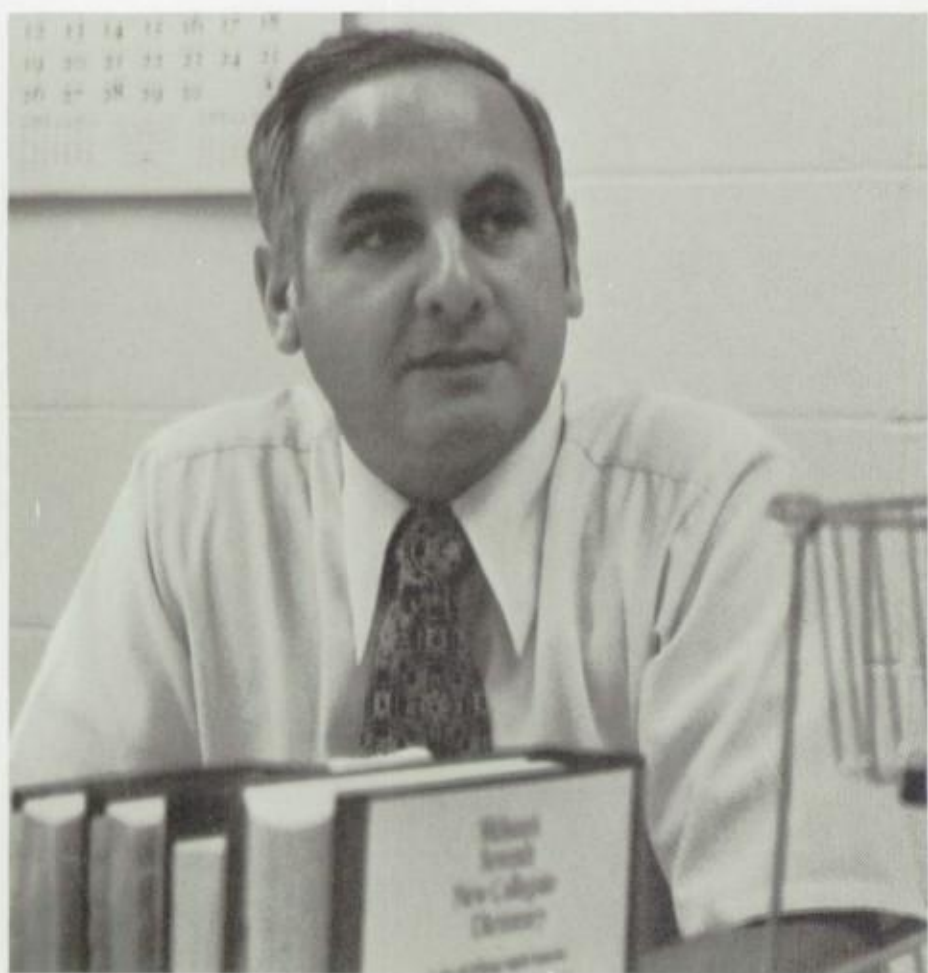

Sincerely yours,
William C. Storch, Principal

An ordinary person would suggest that pictures and paper are the elements that make up a yearbook. A staff member knows that the book is bounded by love, concern, hostility, no sleep, grief, profanities and in the end, a feeling of personal satisfaction and most of all relief.

Many students would feel that they had nothing to do with the creation of this book — just by being a part of the school you are part of this book. Students make the personality of the school and in turn the personality of the yearbook.

We extend our thanks to all the people who made our job easier. Special thanks go to our advisor, Mr. Francis Short, who devoted many hours to a seemingly thankless job. It seemed at times that he wanted to avoid us but he was just preparing for one more catastrophe.

The major portion of the help we received was concentrated on the preparation of our extremely successful booster campaign. Special thanks go also to those few who wrote and produced the script for the assembly which contained "a cast of thousands".

We can't begin to list all the people who helped in putting this book together. The help we are most grateful for came from those people who would listen to all our complaints. If you hadn't been there then our jobs would have seemed unbearable.

It is now with great pride that we present Aerie '72 in hopes that it presents an accurate pictorial history of J.T.H.S. '71-72 school year.

Dianne,
lots of luck to
real nice girl.
say you have much
everything and happiness
the good times we've had and
the dumb things we did. Keep in
touch.

Love,

Dear Dianne,
Thank you
so much for making
a new friend so welcome
without your kindness I
would have felt very lonely.
I wish you peace, love and future
happiness in whatever your future
holds - Stay as sweet as you are
and bless

Love

Dear
Dianne,
to the only girl that
now spells her name
with 2 N's. I wish you
all the happiness and
success to you. Have a great
summer. Hope to keep in touch
with you. Love Always,
Dianne Lake
